25X1 The Ministry of Public Security has ordered 10 radio wave-jamming apparatuses from the Olomouc Radio Factory<sup>1</sup> for earliest possible delivery. The equipment being used is of Soviet provenience, but since the Western radio stations have increased the power of their transmissions, the Soviet jamming equipment has proved to be inadequate. At least 30 jamming stations are to be set up in Czechoslovakia in the near future.

25X1 Comment. Possibly the Moravian Electrotechnical Works (Moravske elektrotechnicke zavody - MEZ), Olomouc.
